

Cedar Park Community Sculpture Garden

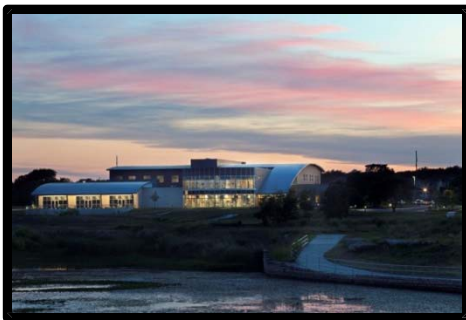

Call for Entries

The City of Cedar Park, located just 17 miles from downtown Austin, is the third largest city in the Austin area with a population exceeding 86,000 within its city limits. The City of Cedar Park attracts residents and visitors from all over the globe because of its unique charm, close proximity to Austin and the Texas Hill Country, and the beauty surrounding the Lower Colorado River Lake System.

The Park, Arts and Community Enrichment (PACE) Advisory Board would like to invite you to become an exciting part of Cedar Park by submitting your work for a year-long period of display in the Cedar Park Community Sculpture Garden

Since its creation in October 2013, the Sculpture Garden has been a treasured cultural asset in the Cedar Park community. Sculptures on display in the garden have previously sold both to private collectors and have been purchased by the City for its permanent collection. Visitors and Cedar Park residents alike have been enjoying this addition to the City's parks system and the City's Parks, Arts and Community Enrichment (PACE) Board plans to continue the momentum gained in the first 6 years of the garden's existence. At this time, the Board would like to invite artists to once again submit their works to be considered for display in the garden.

Cedar Park Rec Center

The sculpture garden is situated on land directly adjacent to the very popular Cedar Park Recreation Center. Each year, thousands of visitors frequent the Cedar Park Rec Center making this location a highly visible one within the Cedar Park community. The sculpture garden features a scenic pond surrounded by a concrete walking trail. Sculptures that are selected for display will be placed on cement pads situated along the walking trail. The selected sculptures will be on loan and available for public purchase for a period of one year.

The City plans to unveil the new loaned art pieces at the annual Taste of Cedar Park Event in mid-October. This popular annual event will be an opportunity to debut the newly selected pieces to the community and local media and will offer the public the opportunity learn about each loaned art piece and meet its creator. In addition to the Taste of Cedar Park kick-off party to celebrate the launch of the sculpture garden, the city will host a variety of other events in and around the garden throughout the year to encourage continual foot traffic in the garden and ongoing exposure for the featured artist's works. These additional events include summer concerts in the garden, the annual Jazz and Art on Main festival, craft fairs at the rec center, and more.

The sculpture garden is a great opportunity for artists to help beautify the community while simultaneously promoting their work. The garden will feature plaques placed next to each selected piece, providing information about the piece and its creator and brochures with pictures and information about the selected pieces will be produced and distributed throughout the area. The garden will also be promoted on the City's website and social media pages.

Criteria for Exhibit

The City's Parks, Arts, and Community Enrichment (PACE) Advisory Board will accept entries of large scale, free standing and interactive sculptures and welcomes all artists - professional, amateur and student. Each artist may submit up to 3 pieces for consideration. All works must be of original design and execution and must be available for installation during the designated installation period (Oct. 4-8, 2021). At the end of the loan period, the city will consider seeking public input regarding the selection of a piece to purchase for inclusion as part of the City's permanent collection. The pieces selected for display will be chosen by Board members based on the originality and creative variety of the piece, its aesthetic properties, its suitability for an outdoor public exhibit, the residency of the artist (i.e. if they are a Cedar Park resident or not), and, since the City hopes to purchase a sculpture, the sales price of each piece. If the item is listed as being for sale, the artist must agree to sell it to the City for the sales price they have indicated on the entry form. Additionally, if the piece is one in a series of identical works, the artist must agree to geographic restrictions on sale or display of the other pieces in the series.

Dancer 2012 & Dancer 2014
By: Jerry Daniel

Should the artist wish to sell their piece, artist contact information will be provided to interested parties, however all transactions must be handled by the artist themselves. In the event that the art piece is purchased during the 1 year loan period, the piece must remain on display until the end of the loan period.

Upon the completed installation of the sculpture, a \$400 stipend will be paid for each selected piece to defer the delivery, set up, and removal costs. Installation and removal of the piece (and costs associated with installation and removal) are the artist's responsibility. The City will be able to provide limited on-site assistance during the installation and removal process. Each piece must have steel tabs or plates attached to the bottom of the sculpture so that it can be securely bolted to the concrete platform. Sculptures that require digging underground or display outside of the concrete pad will not be considered. Insurance will be provided for the selected pieces during the loan period. Each piece will be insured at the value listed on the entry form. In the unlikely event that any damage occurs to the piece during installation, removal, or at any point during the loaned period, the artist is required to repair or remove the piece within 15 days.

In order to be considered, please submit the attached entry form and digital photos of each piece (or digital photos of a scale model), by no later than July 9th, 2020.
